**APRIL 30, 2026**

## Join Us in Making Every Meal Matter

Join us for the **2nd Annual Dining Out For Life Cape Coral–Fort Myers**, a powerful day where every meal becomes a meaningful act of giving. On this day, restaurants across our community donate a portion of their proceeds to support **The McGregor Clinic**, a nonprofit dedicated to providing compassionate, comprehensive care to individuals affected by HIV.

When you sponsor Dining Out For Life Cape Coral–Fort Myers, you're doing more than supporting a fundraiser – you're helping transform lives. Your partnership helps make possible:

- over 4,800 medical appointment
- over 1,200 case-management appointments
- 488 households served by the food pantry
- 41,000 pounds of food distributed
- 950 rides through transportation assistance

As a valued sponsor, your brand will receive meaningful visibility and alignment with a trusted community health provider. Depending on your sponsorship level, benefits may include logo placement on campaign print and digital materials, recognition in social media and press outreach, visibility at participating restaurants, and inclusion in event communications reaching supporters across Southwest Florida.

McGregor Clinic was established as a private non-profit organization by a dedicated group of individuals impacted by HIV/AIDS. Initially, the clinic operated under the Lee County Health Department, but due to the escalating epidemic and limited financial resources, the Health Department discontinued provider services in December 1997. This led to widespread concern within the community, culminating in a public meeting on January 6, 1998, where over 300 attendees, including clinic clients, families, and community advocates, gathered to seek funding to keep the clinic open.

This significant event resulted in the creation of the HIV/AIDS Patient Empowerment Coalition (HAPEC), formed to develop a strategic plan to ensure the clinic's future as a non-profit entity. The coalition included a diverse group of individuals from across the state—clients, caregivers, business leaders, medical professionals, and community advocates.

# WHAT IS DINING OUT FOR LIFE?

Dining Out For Life® is an annual fundraising event involving the generous participation of volunteers, corporate sponsors, and restaurants. The concept is simple: Restaurants donate a generous percent of their sales to a local HIV service organization, and the local HIV service organization fills participating restaurants with diners. Participating is even easier: locate a Dining Out For Life event in a city near you, find a restaurant from the list of participating locations, and on that city's event date: Dine Out to End HIV .

Each year, more than 50 local HIV service organizations partner with 2,400+ participating restaurants, 4,100+ volunteers, and 300,000+ diners to raise over \$4.5 million for people living with HIV/AIDS in the United States and Canada. Best part? All funds raised through a city's Dining Out For Life event stay in that city to provide help and hope to people living with or impacted by HIV/AIDS.

**You can participate, too!**
